

ABOUT US

ACCHM is started in the year 2009; nearly 1800 students have passed out from our institute. More than 1300 students are working in leading hotels in India and abroad and more than 200 students become an entrepreneur and around 100 students done their higher studies.

CURRICULUM

- we are proud to say that our institute delivers the excellent practical and demo class to the students.
- Apart from the syllabus we take special care to the students and give extra input in theory and practical session. This helps the students to choose the department where he or she wants to shine.
- During the course B. Sc. and Diploma students have to undergo 100 days Industrial Exposure Training in their last semester. Likewise craft course students have to undergo 8 weeks training during their final semester. Training is compulsory to all the students which are the part of their course.
